

Are you going to face my 90 year old client when he gets woken up late at night because some tela-marketer now has the channel to call him for bogus sales--things that he doesn't need and want AND SCARE HIM TOO-- if you overturn NJ's stricter DO NOT CALL laws?? Up to now, it's been 100% and better days he has!! Hey, wake up and adopt OUR LAWS if they're BETTER THAN YOURS; use your common sense!!!!!!!!!!!!
